

# Community, Life and Work Studies (CLWS)

*Formerly LCVP*

Based on the Draft Specification (February 2025)

# Preparing Students for Life Beyond School

A redesigned Senior Cycle subject combining personal development, career preparation, and active citizenship.

Understanding  
Yourself

Exploring  
Opportunities

Engaging  
Community

Experiencing  
Work

# Course Structure: Two Integrated Modules

## Module 1: Me and My Future

**Focus:** Self-discovery and  
Career Planning.

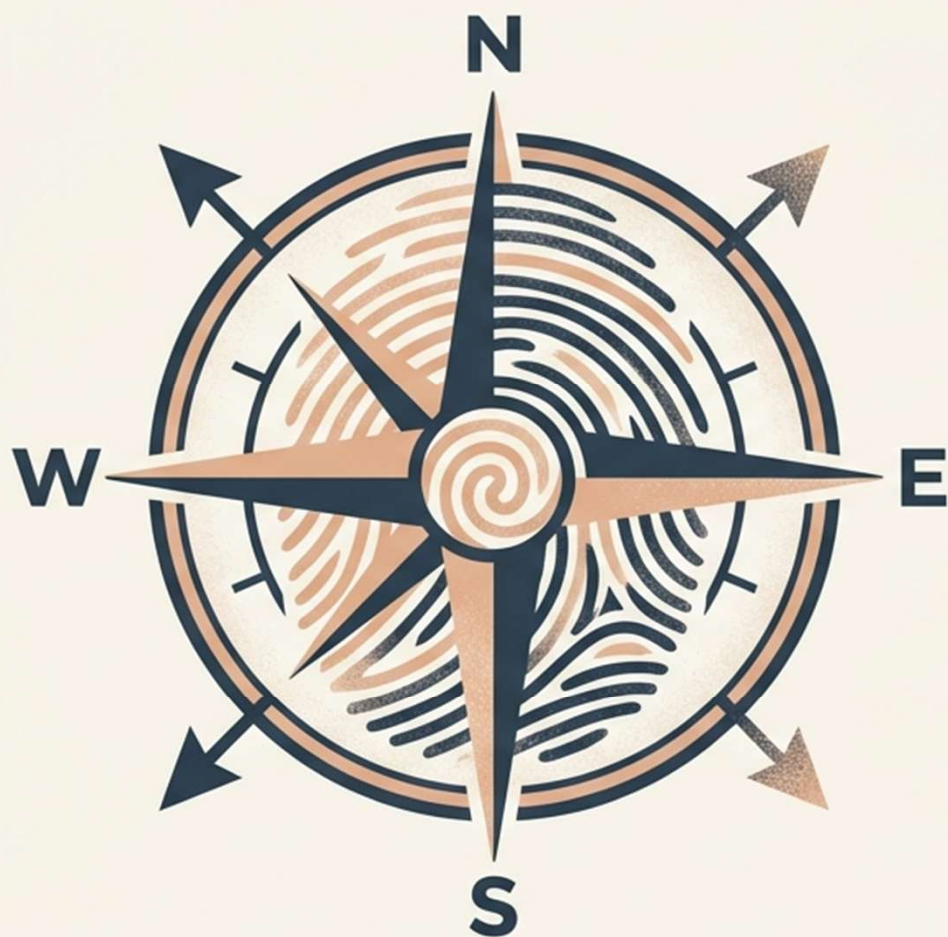

## Module 2: Community and Work

**Focus:** Role in the wider  
community and the modern  
workplace.

Runs over a minimum of 120 hours across 5th and 6th Year.

# Module 1: Me and My Future

## Strand 1: Understanding Myself

- Exploring values, aptitudes, achievements, and interests
- Identifying hard and soft skills
- Setting personal development goals

## Strand 2: Understanding Progression Opportunities

- Exploring pathways: Apprenticeships, Traineeships, FE/HE, Entrepreneurship
- Researching labour market trends and employment rights
- Understanding impact of remote working and AI

# Module 2: Community and Work

## Strand 1: Appreciating My Community

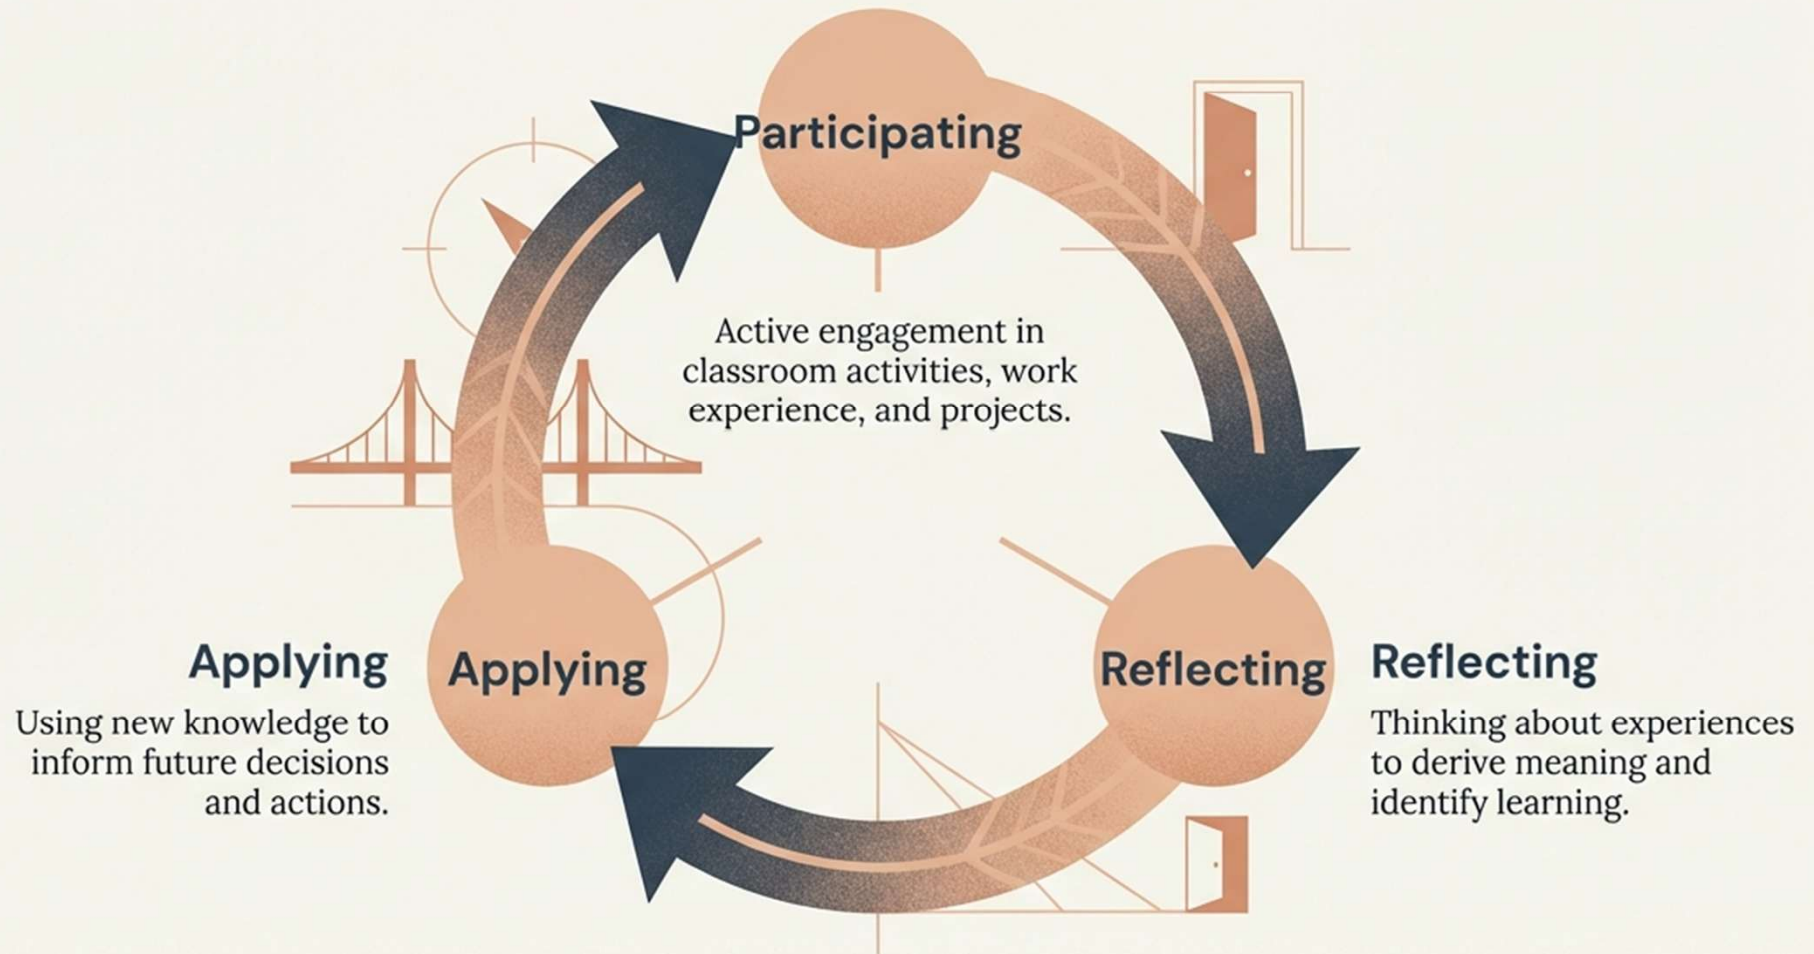

- Understanding local, national, and global perspectives
- Collaborating on community problem-solving using Design Thinking
- Developing entrepreneurial competencies: Innovation and resilience

## Strand 2: Engaging with the Workplace

- Mastering job application processes and interview techniques
- Understanding the role of AI in recruitment
- Building resilience through feedback and reflection

# How Students Learn: An Experiential Approach

# Four Applied Learning Tasks (ALTs)

Practical tasks completed over two years to bring learning to life.

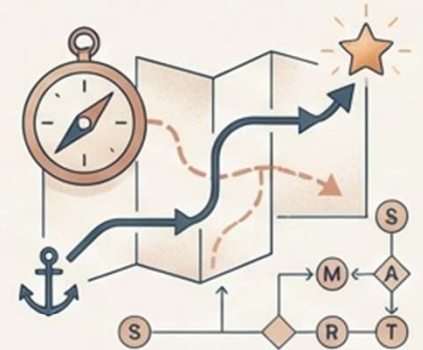

## 1. Personal Statement

Reflecting values, skills, and goals (supported by evidence).

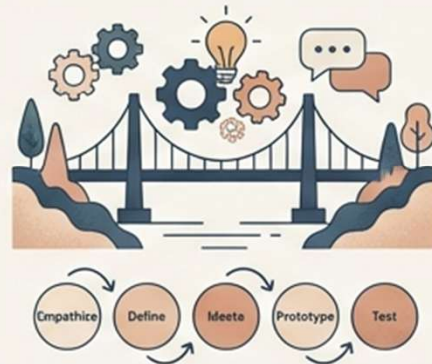

## 2. Career Progression Plan

Mapping a pathway from current position to future goals using SMART frameworks.

## 3. Community Problem-Solving Reflection

Reflecting on a collaborative project using the Design Thinking approach.

## 4. Work Experience Response Plan

Devising a plan to improve and develop based on workplace feedback.

# Assessment Structure

**100%  
Common  
Level**

**60% My Learning  
in Practice**

Portfolio-based project  
assessing growth over two  
years.

**40% Written  
Examination**

Terminal exam in June of  
6th Year.

# Unpacking the Portfolio (60%)

## My Learning in Practice

- **Portfolio Development:** Ongoing collection of evidence over two years.
- **The Annual Brief:** Issued by the SEC in Term 2 of Year 1.
- **The Personal Profile:** A comprehensive profile showing student identity and progression opportunities.
- **Submission:** A Multi-modal report submitted digitally in Term 2 of Year 2.

# The Written Examination (40%)

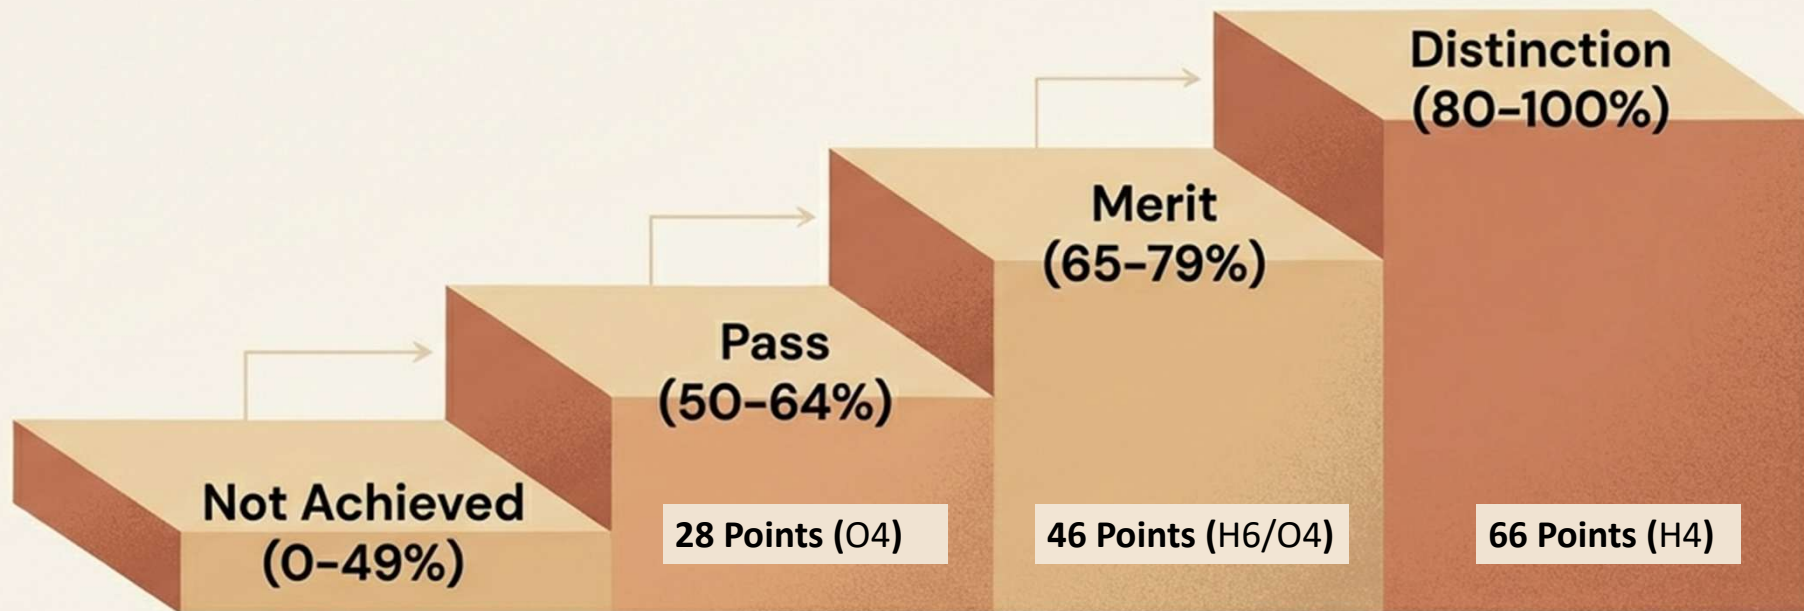

**Format:** Common Level paper.

**Content Covered:**

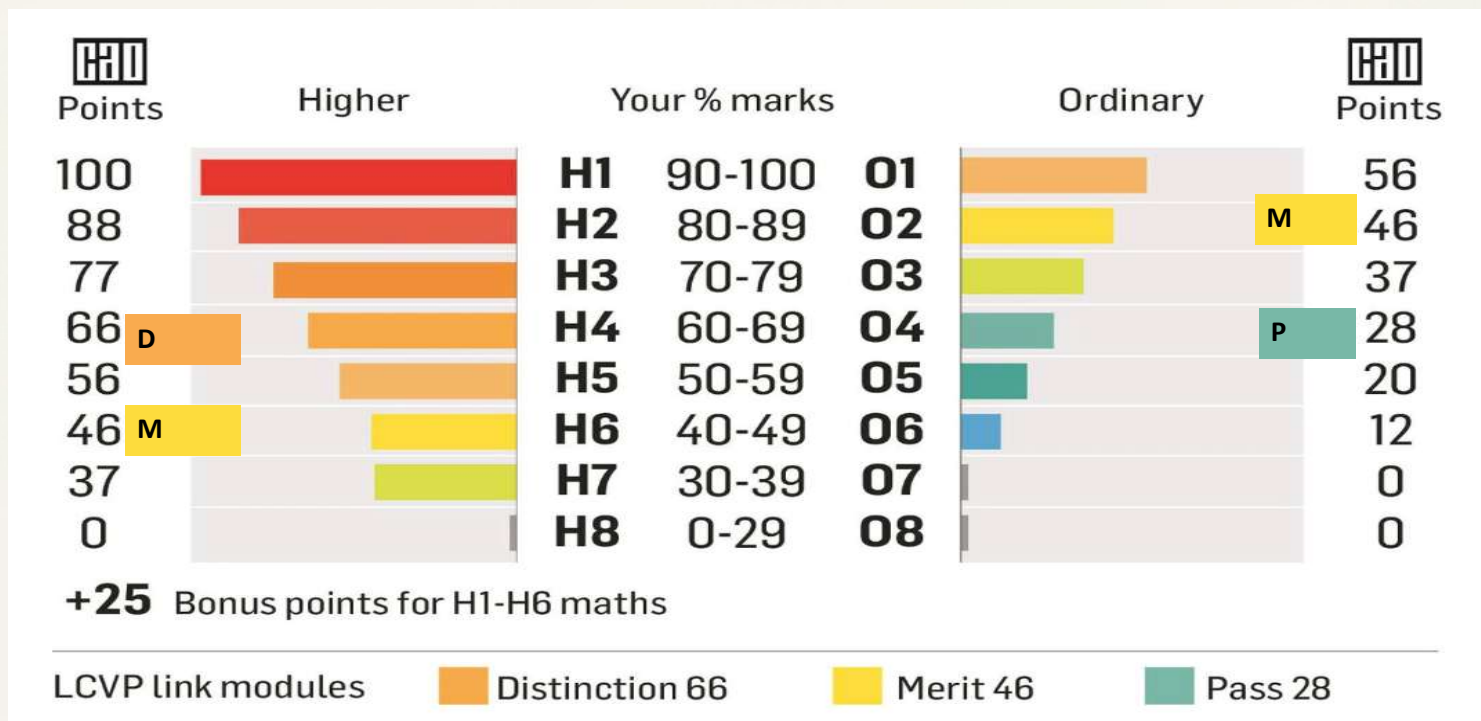

- Questions assessing the four strands of study.
- Application of the cycle: Participating, Reflecting, Applying.
- Application of learning derived from the Applied Learning Tasks.

**Focus:** Critical thinking, reflection, and practical application.

# Grading Scale

A **clear, achievable structure** designed to recognise various levels of success.

**Distinction H4**

**Merit H6 or O4**

**Pass O4**

# Practical Requirements

## Work Experience (Mandatory)

- Placement in local or wider community.
- Focus on contact, policies, and professional preparation.
- Note: Special protections apply for young workers (14-18).

## Community Project

- Collaborative identification of a community issue.
- Application of Design Thinking methodology.
- Presenting solutions to the community.

## Community Project

- Collaborative identification of a community issue.
- Application of Design Thinking methodology.
- Presenting solutions to the community.

# Timeline: Year 1 (5th Year)

# Timeline: Year 2 (6th Year)

# Equipping Students to Flourish

## Benefits of CLWS:

- 📍 - **Self-Awareness:** Understanding strengths and setting goals.
- 📍 - **Future-Ready:** Prepared for apprenticeships, college, or employment.
- 📍 - **Skills:** Communication, digital literacy, and teamwork.
- 📍 - **Mindset:** Confidence, resilience, and active citizenship.

Providing the tools to succeed in an ever-changing world.
